

Desk Phone CP Family

The OpenScape Desk Phone CP family is expanding - updated with a fresh design language and the latest technology while maintaining a familiar user experience.

Intuitive, elegant and convenient

The ergonomic, user-friendly, and economical design language of the second generation OpenScape Desk Phone CP family are reassuringly made in Germany, built from quality materials, and are capably equipped to support a wide variety of user scenarios.

The devices deliver advanced functionality and crystal-clear HD audio quality while remaining simple to operate and without compromising performance.

Sustainability is a core value of the latest CP range of devices and is reflected in the choices made at every stage of development – from manufacturing power, materials and portfolio design, low energy technology employed through to the packaging design, supply chain, transport, and operational ownership. The CP110, CP210 and CP710 proudly bear the Energy Star certification.

Interoperability

The OpenScape Desk Phone CP range is the perfect partner for all Unify platforms including OpenScape Business, OpenScape 4000, OpenScape Voice and Unify Office.

Major Enhancements

Following customer and partner feedback the devices within this family have been enhanced with the following capabilities that define the new standard for the range.

Gigabit Ethernet

The LAN connectivity switch module has been upgraded such that both ports now support 10/100/1000 MBit/s autosensing Ethernet.

Headset Support

The devices now natively support headset connection and use via a dedicated jack port and dedicated headset control key.

4096-bit Security Key Length

Supports very high strength RSA encryption keys.

Opus Codec

The Opus codec is now incorporated to provide the best call experience even during changing network conditions.

Atos

OpenScape Desk Phone CP110

The OpenScape CP110 offers a low-cost but high value entry point to the next generation family IP devices.

The perfect low-cost, high value device for multiple user scenarios without compromising quality.

IP

Display

- Graphical three-line display (162 x 48 pixels), monochrome
- Signaling LED (red)

Connectivity

- 2 x 10/100/1000 Mbit/s autosensing Ethernet LAN ports with integrated switch
- Energy Efficient Ethernet (EEE) 802.3az support
- Headset Port for cabled and cordless headsets (121 TR9-5) and (121 TR9-5')
- Passive RFID Tag

Keys

- 3 freely programmable function keys with Soft Label on LCD
- Pre-assignment: call log, forwarding and re-dial
- 2 fixed function keys: settings, messages
- 3-way navigator plus OK key
- 3 audio function keys
 - Mute
 - Loudspeaker
 - Headset
- Volume +/-
- Open listening / hands free speaking (full duplex)

OpenScape Desk Phone CP110

VoIP Protocol Support

- SIP
- Cornet IP / HFA

Placement

- Base, with two different height adjustments
- Wall mountable (via the optional wall mount kit)

Ordering

- OpenScape Desk Phone CP110 - L30250-F600-C580

Options

- Wall mounting kit - L30250-F600-C596

OpenScape Desk Phone CP410

The OpenScape CP410 is perfect for more demanding operations particularly when used in combination with the supported key modules.

One of the most flexible devices for applications where greater personalization and extended multi-line call handling is required.

IP

Display

- Graphical five line TFT display (480 x 320 pixels), color (adjustable)
- Signaling LED (3 color)

Connectivity

- 2 x 10/100/1000 Mbit/s autosensing Ethernet LAN ports with integrated switch
- Energy Efficient Ethernet (EEE) 802.3az support
- Headset Port for cord connected (121 TR9-5) and cordless headsets (121 TR9-5')
- USB Type A Interface
- Passive RFID Tag
- Key module connector (up to 4 modules supported)

Keys

- 5 context sensitive softkeys with tri-color LEDs
- 6 fixed function keys:
 - Presence / Out of Office
 - Hold
 - Settings
 - Messages
 - Transfer
 - Conference
- 4-way navigator and OK key
- 3 audio function keys
 - Mute
 - Loudspeaker
 - Headset
- Volume +/-
- Open listening / hands free speaking (full duplex)

Accessories

Enhance your experience with the new CP devices with these additional accessories.

Wall Mount Kit

- Compatible with CP110, CP210, CP410 and CP710
- Locking screw between device and adapter plate prevents unauthorised access
- Optional flexible network cable can be purchased to mount over ethernet wall plate and hide LAN connection.
- Order details
 - Wall Mount Kit - L30250-F600-C596
 - Ultra flexible network cable - L30250-F600-C283

Wall Mount Kit

KM410 Key-Module

- Paper strip templates
- Dual height positions
- 16 freely programmable keys with three-color LEDs
- Maximum 4 key modules supported per device
- Order details
 - KM410 Key Module - L30250-F600-C585

KM410 with CP410

KM710 Key-Module

- 2 x 2.8" TFT LCD displays (6 lines per display)
- Dual height positions
- 12 freely programmable buttons with three-color LEDs
- 24 entries maximum using Level Shift key
- Maximum 4 key modules supported per device
- Order details
 - KM710 Key Module - L30250-F600-C586

KM710 with CP710

CP10 Wi-Fi USB-Stick

- WLAN adapter works with CP210, CP410 and CP710
- 802.11ac (Up to 433Mbps), 802.11n (Up to 150Mbps)
802.11g (Up to 54Mbps) and 802.11b (Up to 11Mbps)
- Order details
 - CP10 Wi-Fi USB Stick - L30250-F600-C587

ENERGY STAR is a voluntary program of the U.S. Environmental Protection Agency that helps businesses and individuals save money and protect our climate through better energy efficiency. Products that have earned ENERGY STAR avoid greenhouse gas emissions by meeting strict energy efficiency criteria or USA Environmental Protection Agency requirements. Learn more at: energystar.gov.

Unify is an ENERGY STAR Partner participating in the ENERGY STAR Enterprise Server and Telephony Program. Most phones in the OpenScape Desk Phone CP family have earned the ENERGY STAR. For more information, please visit: http://wiki.unify.com/wiki/OpenScape_Desk_Phone_CP

About Atos

Atos is a global leader in digital transformation with 105,000 employees and annual revenue of over € 11 billion.

European number one in cybersecurity, cloud and high performance computing, the Group provides tailored end-to-end solutions for all industries in 71 countries. A pioneer in decarbonization services and products, Atos is committed to a secure and decarbonized digital for its clients. Atos operates under the brands Atos and Atos|Syntel. Atos is a SE (Societas Europaea), listed on the CAC40 Paris stock index.

The purpose of Atos is to help design the future of the information space. Its expertise and services support the development of knowledge, education and research in a multicultural approach and contribute to the development of scientific and technological excellence.

Across the world, the Group enables its customers and employees, and members of societies at large to live, work and develop sustainably, in a safe and secure information space.
