### Legend

- 
 M43 With product milestone M43 (if M45 not declared at the same time), then the system will be moved to phase out list
- 
 M43 A new system will be introduced instead, that allows only expansion orders
- 
 M45 With product milestone M45 the system will be deleted from the system selection list
- 
 removed System removed from system selection list, e.g. after 3 months in phaseout list

Structure Systems

New Change Remove	System	Application	Offer Type	QuickSales Model	GUI Code	Configuration Services	Hierarchy (PMD-number)
-------------------------	--------	-------------	------------	---------------------	-------------	---------------------------	---------------------------

new

New introduced system, system family or offer type

new

Model provided new

change

When a system notation is changed, then the system with old notation is moved to the phase-out list

change

A new system will be introduced instead, with new system notation

change

Change regarding existing system, e.g. re-assigned to other system family or notation changed

family

Removed system family
