Legend

M43	A new system will be introduced instead, that allows only expansion orders
M45	With product milestone M45 the system "...(Expansion)" will be moved to phase out list and the notation will be adjusted by substituting "...(Expansion)" by "."
removed	As product hierarchy the successor product will be assigned - if this product is not released for the country, then the system will disappear. System removed from system selection list, e.g. after 3 months in phaseout list or immediate M5
new	New introduced system, system family or offer type
Model	Model provided new for existing system
change	When a system notation is changed, then the system with old notation is moved to the phase-out list
change	A new system will be introduced instead, with new system notation
change	Change regarding existing system, e.g. re-assigned to other system family
renamed	System or subsystem renamed
moved	Moved 1 month in phase out list
moved / M43	Moved 1 month in phase out list. Corresponding product has reached M43 milestone - new system orders are not possible anymore.
moved / M45	Moved 1 month in phase out list. Corresponding product has reached M45 milestone - orders are not possible anymore.
family	Removed system family
