Show picture at incoming call

Version 1.0

## OpenStage - Show Picture at Incoming Call

OpenStage 60/80 phones can show the picture of a caller at an incoming call.

Configuration:

- A) Pictures are already available within Outlook contacts.  
They are transmitted to the phone during synchronization via OpenStage Manager.

Preconditions:

Locality has been configured correctly before synchronization (see below).  
For Outlook 2003, at least OpenStage Manager V2R2.5 is needed.

- B) OpenStage Manager allows also manual picture download and assignment.

For further information on OpenStage Manager and OpenStage Telefon see
